FOREWORD

This spring finds us beginning our thirty-seventh year in business. We are proud of the part we have played during these years in making Cincinnati one of the most beautiful cities in America and we are happy to have so many friends, not only in this immediate area, but throughout the middle west. We will strive to constantly increase this circle of friends by furnishing better service and plant materials.

Most of the plants listed are grown in our 250 acres of nurseries. Since freshly dug plants are superior, we maintain no storage cellar. All plants have been frequently transplanted, pruned, sprayed, fertilized and cultivated. The high altitude and heavy soil of our nurseries, together with our present program of drainage, soil improvement and irrigation, makes it possible for us to supply you with high quality nursery stock.

All ornamental plants listed comprise only those varieties we have found from our years of experience to be adaptable to our soil and climate, and will fill any need for landscaping in this area. However, we have many of the rarer species grown in large specimens of sizes not here listed. Call or write for quotations, if interested.

LANDSCAPE SERVICE

Today we have one of the most complete landscape organizations in the country. We have the technical personnel and equipment to efficiently handle any type of landscape work. A staff of experienced representatives are at your disposal to give advice and help you plan; a large force of skilled landscape and nursery workers and service trucks are available for your needs. Our services include the following.

LANDSCAPE PLANNING

Engineering
Design
Planting Plans

Residence Location
Construction Design
Drainage Layouts

CONSTRUCTION

Walks	Walls	Trellises
Drives	Pergolas	Gates
Pools	Garden Features	Grading

PLANTING

Lawn Work	Large Tree Moving
Planting	Perennials Beds
Transplanting	Rose Beds

SERVICE

Spraying	Lawn Work
Fertilizing	Cultivation
Pruning	Clean-Up

TREE MAINTENANCE

Tree Surgery	Tree Removal
Pruning	Feeding
Spraying	Guying and Bracing
Lightning Protection	Transplanting

Without obligation, you may avail yourself of the service of one of our experts to give you advice and price quotations on any of the above work.

We have available many large specimens of the better varieties of shade trees, evergreens and shrubs. With our modern method of tree moving, it is now possible for us to move and successfully transplant large specimens almost any time of the year, at a cost commensurate with the immediate effect and abundant shade you will receive. Every large tree we furnish and plant is guaranteed to grow. We offer you, also, the service of experienced men to advise you in the selection and location of these specimens.

Numbers following variety names indicate height in feet at maturity.

GARDEN STORE

For the many people who prefer to do their own gardening, and who like to select their plants to take home and plant themselves, we now have available "Natorp's Garden Store" located on Montgomery Road in Kenwood.

Here you can park in our large convenient lot, look around the huge sales area and display grounds and choose those plants that may interest you. Attendants will be at your service to help you make selections and answer your questions. A full line of garden tools, spray material, fertilizers, seeds and garden accessories are on sale, also. Stop and visit with us when out driving. You will find it a pleasant experience. The "Garden Store" is open daily, including Sundays, from 9:30 to 5:30.

We maintain, also, a similar sales ground at our main office, 4400 Reading Road. Open from 8 to 5. Closed Sundays.

EVERGREENS

Evergreens form an essential part in any treatment of the home and its grounds. They look effective 365 days of the year, retaining their foliage throughout the winter. They are useful and attractive in foundation plantings, in groups or masses, as specimen plants and to accentuate points in formal gardens. Our Evergreen collection is one of the largest and most complete in the middle west. Frequent transplanting in our nurseries, especially in our heavy clay soil, develops a good root system. All Evergreens are sheared and staked from small plants up and developed into well shaped specimen plants. The best time to plant Evergreens is in the spring from March to May, and in the fall from August to October. However, when carefully handled, Natorp's Evergreens can be planted any time during the year. Prices include balling and burlapping.

Each

CHAMAECYPARIS filifera retinospora, (Thread Falsecypress) 25'
Fast growing evergreen, loosely pyramidal,
with deep glossy green foliage.

6 to 7 ft. B&B\$22.50

Natorp's

BROAD LEAVED EVERGREENS

Under "Broad Leaved Evergreens" are classed all shrubs retaining their foliage during the winter months. For city planting, in many instances, they have given better results than the coniferous evergreens. Many varieties of evergreens lend beauty with both bloom and luxuriant evergreen foliage. Most of these broad leaved sorts prefer protected locations. Prices include balling and burlapping, unless otherwise noted.

Each

ABELIA grandiflora (Glossy Abelia) 3-4'
Lilac and white flower. Blooms all summer.

2 to 3 ft.	B&B	\$ 4.00
3 to 3½ ft.	"	5.00

AZALEA

For best results, "Azaleas" should be planted in well prepared ground. Since they are acid loving plants, it is well to use a liberal amount of peat moss and leaf mold. Good treatment will produce the happiest results for you. In order to keep the Azaleas together as a group, we have included the deciduous type among the following.

AZALEA

Glory - evergreen - (Salmon Pink)

18 to 24 in.	9.00
--------------	-------	------

BROAD LEAVED EVERGREENS

OSMANTHUS

Each

2 to 2½ ft.	\$ 6.50
-------------	-------	---------

PIERIS floribunda (Evergreen Lily-of-the-Valley Shrub)
 White flowers like Lily-of-the-Valley in late April.
 Dwarf and compact.

SOLD OUT

15 to 18 in.	7.00
--------------	-------	------

NANDINA domestica (Nandina) 6'
 Semi evergreen shrub. Leaves turn brilliant red in
 fall. White flowers followed by showy red berries.

SOLD OUT

2 to 3 ft.	5.00
------------	-------	------

PRUNUS laurocerasus (Laurel Cherry) 6'
 Thick glossy green leaves with white flowers.

12 to 15 in.	Pots	2.75
15 to 18 in.	3.50
18 to 24 in.	B&B	6.00

PYRACANTHA coccinea (Scarlet Firethorn) 10'
 Compact growing, thorny shrub. Scarlet berries
 in fall.

12 to 15 in.	Pots	2.75
--------------	------------	------

----- coccinea lalandi (Laland Firethorn) 10'
 Vigorous, upright growing, with rich glossy leaves,
 orange-red fruit in fall.

12 to 15 in.	Pots	2.75
15 to 18 in.	3.50

RHODODENDRON catawbiense (Catawba Rhododendron) 6-8'
 Rosy-lavendar flowers in late May; deep green leaves.

24-to 30 in.	7.50
--------------	-------	------

----- Hybrid cunninghami (Cunningham Rhododendron)
 Seems to stand Cincinnati soil conditions better than
 other Rhododendrons. White flowers.

15 to 18 in.	Pots	6.00
--------------	------------	------

BROAD LEAVED EVERGREENS

VIBURNUM burkwoodi (Fragrant Evergreen Viburnum) 7-8'
 Semi evergreen, dark green, shiny leaves, pinkish-
 white fragrant flowers.

2 to 3 ft.	<u>Each</u> \$ 5.00
3 to 4 ft.	6.50

----- rhytidophyllum (Leather leaf Viburnum) 6-8'
 Large oblong leaves, deep green above, gray
 beneath. A bold, handsome shrub, but needs a
 sheltered location.

15 to 18 in.	6.00
18 to 24 in.	8.00

DECIDUOUS SHADE TREES

Trees occupy, by far, the greatest place in our landscape. Everyone knows the value of shade trees and they may be regarded as a permanent investment. We could not do without them. Select them with care. For permanency choose the hardwood types, although they grow a little slower.

In addition to the trees listed, we have available many large specimens of the better varieties of shade trees, evergreens and shrubs. With our modern methods of tree moving, it is now possible for us to move and successfully transplant large specimens almost any time of the year at a cost commensurate with the immediate effect and abundant shade you will receive. Every large tree we furnish and plant is guaranteed to grow. We offer you also, the service of experienced men to advise you in the selection and location of these specimen trees.

The caliper measurement is taken at a point six inches above the ground. Prices include balling and burlapping, unless otherwise noted.

ACER platanoides (Norway Maple) 60'	
Dark green foliage until late autumn, then turns rich yellow.	
	<u>Each</u>
1½ to 2 in. caliper	\$14.50
2 to 2½ in. "	19.00
2½ to 3 in. "	26.00

----- platanoides schwedleri (Schwedler Maple) 50'
 Reddish-purple leaves in the spring.

1½ to 2 in. caliper	17.00
4½ to 6 in. " Specimens	

----- platanoides nigra (Pat.No.735) (Crimson King Maple) 50'

A brilliant crimson form of Schwedler Maple that holds its color through the summer months.

5 to 6 ft.	12.00
-----------------	-------

----- rubrum (Red or Scarlet Maple) 60-70'

Brilliant red autumn coloring, gray bark, excellent in moist locations.

ORNAMENTAL

and

FLOWERING TREES

To draw a distinct line between the division of trees, flowering trees and flowering shrubs would be a difficult task. However, we have endeavored to select a group of those plants (small trees and large shrubs) which have exceptional value as "Ornamentals" due to their flowering, fruiting and foliage characteristics. Prices include balling and burlapping, unless otherwise noted.

Each

ACER ginnala (Amur Maple) 15-20'

Low branches, medium height; brilliant fall coloring.

5 to 6 ft. B&B \$ 9.00

---- palmatum atropurpureum (Japanese Bloodleaf Maple) 8-10'
Rich purple-red leaves. Best in sun for full color effect.

18 to 24 in. B&B 10.00

AESCULUS parviflora (Dwarf Horsechestnut) 8'

Grows well in semi-shade. Covered with spikes of creamy white flowers in July.

2 to 3 ft. B&B 6.00
3 to 4 ft. " 10.00

----- pavia (Red Buckeye) 15-20'

6 to 8 ft. B&B 12.50

ALBIZZIA julibrissin (Silk Tree) 30'

Universal pink flowers heads in summer.

4 to 5 ft. B&B 6.00

ORNAMENTAL and FLOWERING TREES

ARALIA spinosa (Devil's Walking Stick) 15-20' Each
 Armed stems and large leaves give it distinctive
 semi-tropical appearance. White flowers in July.

5 to 6 ft.	B&B	\$ 5.00
Specimens	"	7.50 to 10.00

CARPINUS betulus (European Hornbeam) 40'
 Has thin Beech-like foliage and steel blue bark.
 Excellent for hedge or screen.

Sheared specimens;

DECIDUOUSSHRUBS

The judicious planting of shrubs adds greatly to the beauty and value of property, and contributes a wealth of pleasure and interest to the home. A good shrub collection will present the greatest variety of color throughout the season, both in flower and foliage. Even in winter it is attractive in appearance from the gracefulness of its stems and branches, and from the color of its bark. Irregular massing is the most picturesque method of shrub planting, and a selection of varieties for every requirement can be made from the following list.

ACANTHOPANAX sieboldianus (pentaphyllus) (Five-leaf Aralia) 7'

Graceful, arching habit, good foliage. Splendid for banks. Stand city conditions.

		<u>Each</u>
4 to 5 ft.	\$ 1.50
5 to 6 ft.	2.00

ARONIA brilliantissima (Brilliant Red Chokeberry) 5-6'
Brilliant red berries. Good fall coloring.

2 to 3 ft.	2.00
------------	-------	------

----- **melanocarpa** (Black Chokeberry) 6-8'

Delicate white flowers in May, black berries in the fall.

2 to 3 ft.	1.75
------------	-------	------

BENZOIN (See *Lindera*)

BERBERIS thunbergi (Japanese Barberry) 4-5'

A splendid low hedge plant or for massing. Brilliant Autumn coloring and scarlet berries.

15 to 18 in.60
18 to 24 in.	1.00
2 to 3 ft.	1.50

DECIDUOUS

SHRUBS

BERBERIS thunbergi atropurpurea (Redleaf Jap. Barberry) 4-5'
 Reddish-purple foliage. Should be planted in the sun for best color. Has same vigorous habit as above type.

		<u>Each</u>
15 to 18 in.	\$.75
2 to 3 ft. heavy	1.50
3 to 4 ft. "	2.00

BUDDLEIA (Butterfly Bush) 4-6'
 Should be treated as a Perennial shrub. Usually freezes back each winter but grows vigorously again the following spring.

----- **Dubonnet**

Dark wine dubonnet colored Buddleia. Firm, large spikes and individual flowers of good size that do not sunburn.

..... 1.50

Profuse red flowers in May and June; medium height, spreading shrub.

18 to 24 in. 1.25

2 to 3 ft. 1.75

VINES

&

GROUND COVER

Hardy vines and climbers add greatly to the beautification of the home by covering banks and bare spots and giving shade and fragrance to the pergola and veranda. There is a great diversity of habit and variety among the vines. Some vines are best suited for shade, others for flowers. Many of them require some supporting to brick, stone, or other materials of similar texture. These are useful for softening the rough corners of the house.

AMPELOPOS quinquefolia (Virginia Creeper) 40'
Hardy, rapid growing climbing vine. Rich crimson fall color.

2 year old	Potted Plants	Each \$1.00

--------	-----------------------

----- sinensis alba (White Chinese Wisteria) 40'
 White flowers, similar in form to one above.

Potted	2.00
--------	------

FRUIT TREES

The home orchard is coming back into popular favor, for who can resist the beautiful show of blossoms in the spring and the joys of luscious fruit in the fall.

We carry the choicest variety of fruits which have proven successful growers in this section.

Some fruit trees are available in large sizes. These trees are heavy branched and beautifully shaped. They will save you many years of waiting for blossom, shade and fruit. They are from five to seven years old and are excellent plants for specimen planting.

APPLES

- ↘ Grimes Golden: One of the best pure yellow winter apples for home use.

		<u>Each</u>
4 to 6 ft.	\$ 1.75

PRICES: This list cancels all previous prices, which are subject to change without notice, and apply only to stock available on receipt of order. All prices are F.O.B. our Nurseries and do not include packing charge. Orders of \$10.00 or more are delivered free of charge in greater Cincinnati.

TERMS: Cash with order, except to customers who have established an account with us, in which case accounts are due within thirty days from date of invoice.

HOW TO ORDER: Indicate order plainly, giving name, correct address including zone number, telephone number, time of delivery desired and method of shipping. Since plants are dug fresh for shipment, it is necessary to order several days in advance of desired time of shipment.

GUARANTEE: Our nurseries are frequently inspected and intensively sprayed or dusted. We guarantee our plants to be true to name and size specified. We cannot guarantee plants to live that are not planted by us, as we have no control over the method by which they are planted or the condition under which they are grown.

SUMMER PLANTING: Most plants can be transplanted during the summer months if balled and burlapped (B&B). Prices of plants marked B&B include price of balling. Plants not marked B&B are bare rooted. An extra charge is made for balling these. (See schedule).
